## ABOUT ME

I'm Shamel Camposano, a second-year student focusing in information technology. I'm dedicated about innovation and technology. I want to contribute to worthwhile projects while growing into an adaptable professional who can adjust to the shifting demands of the digital world as I continue to learn about the exciting field of information technology.

I have gained an excellent basis in both the technical and innovative aspects of IT throughout my academic career, from understanding infrastructure and systems to designing user-friendly interfaces. I approach every project with professionalism, a focus on continuous improvement, and a dedication to using technology to provide tangible value. I am interested in contributing to useful endeavors while growing into a flexible professional who can adjust to the changing needs of the digital world as I continue to gain knowledge about the exciting field of information technology.

## WORK EXPERIENCE

2021

### Yazaki Torres Manufacturing INC.

I completed my 6-month On-the-Job Training under the Electrical Installation and Maintenance (EIM) strand at Yazaki Torres Manufacturing Inc., where I was exposed to real-world practices in electrical systems, equipment installation, hardware and preventive maintenance in an industrial setting.
